She said her name was Lisa Marie  
And she was a beast  
Woman so bad it's illegal too speak  
She said she like me and she was eager to meet  
And I was just as eager, as eager as she  
Body So sick you could eat off her feet  
Go to the hospital and die in a week  
She said she was a model well obviously  
Cuz I can sure picture her between my sheets  
Baby was a flower with rose petal cheeks  
And Every time she talk it's like a gold metal speech  
Intelligent she should teach  
And if so I would be a nerd like Screech

I told her I would write a rhyme about her  
And It will be sweet  
I said "I need the perfect track"  
She said "that's deep"  
Worked on it all night didn't get no sleep  
Now her is my song and this is the beat

This is the beat-this-this is the beat  
And here is my song about Lise Marie  
She-She she said her name was Lisa Marie  
Li-Lisa Marie, Li-Lisa Marie  
Li-Lisa Marie, Li-Lisa Marie  
Li-Lisa Marie, Li-Lisa Marie  
Li-Lisa Marie, Li-Lisa Marie

She said her name was Lisa Marie  
And she was discreet  
Her pictures in the dictionary next to elite  
I told her we could get away, we could retreat  
Cut of my arms put em on her seat  
Cut of my legs be em on her head  
So I can run thru her mind like she does mine  
And every time she smile it make me feel like a child  
In the supermarket on the candy aisle  
I saw a picture of her wit her panties down  
I fall asleep and dream I'm a camera now  
I would love to be the water in her shower  
Or one of her bath towels

I told her I would write a rhyme about her  
And It will be sweet  
I said "I need the perfect track"  
She said "that's deep"  
Worked on it all night didn't get no sleep  
Now her is my song and this is the beat

This is the beat-this-this is the beat  
And here is my song about Lise Marie  
She-She she said her name was Lisa Marie  
Li-Lisa Marie, Li-Lisa Marie  
Li-Lisa Marie, Li-Lisa Marie  
Li-Lisa Marie, Li-Lisa Marie  
Li-Lisa Marie, Li-Lisa Marie

She said her name was Lisa Marie  
And she was a piece  
A piece of fine art like a piece of Lalique  
She was unique, exquis-ite  
Like X Y Z she was complete  
And I think she like butterflies  
Becuz she got one on the upper thigh  
And her face is like summer time  
Birthday same month of mine  
With a different sign  
Virgo I got wherever her go  
If she say so I'm on her like a fur coat  
In November she colder then December  
She got my fallin like Timber

I told her I would write a rhyme about her  
And It will be sweet  
I said "I need the perfect track"  
She said "that's deep"  
Worked on it all night didn't get no sleep  
Now her is my song and this is the beat

This is the beat-this-this is the beat  
And here is my song about Lise Marie  
She-She she said her name was Lisa Marie  
Li-Lisa Marie, Li-Lisa Marie  
Li-Lisa Marie, Li-Lisa Marie  
Li-Lisa Marie, Li-Lisa Marie  
Li-Lisa Marie, Li-Lisa Marie
