Walkin' around lookin' for a way.
But no one tells me which way to go.
I'm caught up in a world.
A labyrinth, a maze.
Where yes men could easily be known.
I ask them no questions.
They give me no answers.
Following the wise.
But they're walkin' in bampers.
Give me a cigarette.
Smokin' my cancer.
Drink the pain away.
But I still have no answers.

I'm Lost on a road.
Don't know which way to go.
I'm losing my mind.
Losing control of the wheel.
& I'm swervin'.
On & off the road.
I'm Lost on a road.
But survival is a must.
Don't know who I can trust.
I'm livin' in a rush.
I don't understand this fuss.
My brain is about to bust.

I think I'm losin' it.
I might be losin' it.
I just might lose.
Am I losin' my mind?
& I'm so confused I don't know what to do.
& I need a clue before I run out of time.
Am I losin' it?
Am I losin' it?
I think I'm losin'.
I'm losin' my mind.
Am I losin' it?
Am I losin' it?
I think I'm losin'.
I'm losin' my mind.

I call up my girlfriend.
She doesn't answer.
I hit the strip club & fuck wit a dancer.
Throwin' my one's up.
I go pay in ransom.
Told me I look good.
She said I was handsome.
So I believed her.
'Cause I am lonely.
I'm just a loner.
My life is a movie.
Tonight we're just actors.
& this is a sin comes.
So Tell me you love me.
Tell me I'll get some.

I'm Lost on a road.
Don't know which way to go.
I'm losing my mind.
Losing control of the wheel.
& I'm swervin'.
On & off the road.
I'm Lost on a road.
But survival is a must.
Don't know who I can trust.
I'm livin' in a rush.
I don't understand this fuss.
My brain is about to bust.

I think I'm losin' it.
I might be losin' it.
I just might lose.
Am I losin' my mind?
& I'm so confused I don't know what to do.
& I need a clue before I run out of time.
Am I losin' it?
Am I losin' it?
I think I'm losin'.
I'm losin' my mind.
Am I losin' it?
Am I losin' it?
I think I'm losin'.
I'm losin' my mind.

I'm makin' this money.
Just to go spend it.
Livin' the good life.
Hope nobody ends it.
But who are you kiddin'?
Hey who are you lyin' to?

You know if they want you.
Best believe they will find you.

I'm Lost on a road.
& there's no one to talk to.
There's nowhere to run to.
I'm goin' in circles.
I'm talkin' to myself.
It Got me blazin' this purple.

I think I'm losin' it.
I might be losin' it.
I just might lose.
Am I losin' my mind?
& I'm so confused I don't know what to do.
& I need a clue before I run out of time.
Am I losin' it?
Am I losin' it?
I think I'm losin'.
I'm losin' my mind.
Am I losin' it?
Am I losin' it?
I think I'm losin'.
I'm losin' my mind.

I'm Lost on a road.

I'm Lost on a road.

I'm losing my mind.
Losing control of the wheel.
& I'm swervin'.
On & off the road.

I'm losing my mind.
