Dana texted me and say she wanna see me  
Than sent a picture of her in the mirror  
No clothes on, of course  
And she want that dope dick  
Hello, world, I'm the dope dealer  
I love it when she talk crazy  
That dick make her walk crazy  
That last time was awesome  
All the lines we crossed them  
I ain't a killer but don't push me.  
I OJ Simpsoned that pussy  
That's the shit, pussy taste so good  
Make you smack your lips.  
I don't know about you, but I'm a beast with mine  
She said she wait for the Carter 69  
I told her "Sorry 4 The Wait"  
I value her time like an Audemars-Piguet  
And we gonna stay current like the water in the lake  
Yeah, we gonna walk around like we f-cking in a circle  
Pardon the slur, that's the purple  
It feels so real like it's virtual  
Any kind of position, she's versatile  
And she take it every way except personal  
Yeah that's my bitch, p-ssy wetter than a wishing well  
I wish I was in it right now instead of making this song  
Hut one, hut two, I run it in the endzone

Don't trip when I say I can't see you  
And she say she working on her career  
Smoke got her eyes looking like she from Korea  
We floating but I'mma rock the boat like Aaliyah  
RIP, shorty got me  
Shorty knows I f-cks with a hard body  
Shorty fine by me  
Spend some time by me  
It's a jungle out there, come and climb my tree  
I know it's on your mind, fine  
We can do whatever that is  
She tell me that it's mine, I said fine.  
Shit, I was taught to live and let live. So live it up baby  
Giddiup baby, it's your world, ain't trying to interrupt  
But maybe we moving too fast

But f-ck it, let's crash  
One day we gonna have to leave our love in the past  
But for now I feel lovely, I feel great  
I Slide in: safe  
Yeah yeh, all that good shit  
No I ain't a player, I just play it by the bullshit  
And I know what I'm doing and she loves how I do it  
She throw that ass back and she never over-do it  
She call me "baby" and I call her "Bay"  
Sorry for the wait, Carter 4 on the way!  
August 29th..
