[Chorus]

Mama bad, Mama mean, Gasoline  
She's on fire  
Put her out, As a matter of fact, Take her out  
Cause she's on fire,

Got on my knees and asked my Lord to keep me clear  
from the devil cause my girl  
She's she's on fire,  
Yeah now everything so cool  
Yeah

[Verse 1]

But give me them back shots, I want them back shots  
I said shorty let me play up in that matchbox  
And She's on fire, yeah  
Shorty, shorty let a nigga rub his stick against her  
matchbox,

And she's on fire  
She's steaming, she's screaming,  
She's she's creaming  
She's feining, I redeem it  
I get between it like I mean it

Now hit me,  
Now she's on fire,  
I leave her stinging  
But everything is cool  
She's on

[Verse 2]

Uh, she hot as hell lets call her Helen,  
Fireman to her rescue like 9-11,  
Fucking right I make her hot, She got the Devil in her,  
I do whatever with her,  
Hells angel, I pluck her feathers nigga,  
I am the firepitter, I start a fire with her  
Ok her flames high but I am higher, nigga  
So high so I invite her up and then I light her up, uh

[Chorus 2]

Mama bad, Mama mean, Kerosine,  
She's on fire  
Put her out, as of matter of fact, take her out  
She's on fire,

Got on my knees and asked my Lord to keep me clear  
from the devil cause my girl  
She's on fire,  
Yeah now everything so cool  
She's on fire

Now hit me  
She's on fire, yeah  
She's on fire  
I leave her stinging  
Yeah and now she's on fire

But it's cool

[Chorus]  
Mama bad, Mama mean, Gasoline  
She's on fire  
Put her out, As a matter of fact, Take her out  
Cause she's on fire,  
She's steaming, she's screaming,  
She's creaming  
She's feining, I redeem it  
I get between it like I mean it

Then I leave her stinging  
Now she's on fire  
Steaming girl  
Girl, that was nasty
