(Chorus x3: The Game and Lil' Wayne)

(Verse 1: The Game)

Ay Yo

Weezy Baby

Tell 'em we amazing

Better yet a army, the U.S. Navy

And tell Slim, I was raised on Cash Money

They can't kick me outta shit, I ain't Dame Dash,
dummies

I'm the gates passed a hundred on that red ferraris

Me and Weezy blood brothers we got red Ferraris

Red tops in the hood, red tops on Bacardis

Red tops on top models at the after party

Before S. Carter

Brooklyn's Stepfather

I was getting G money like Nino at the Carter

I was just a baby just like the face on a third carter

Even had a baby face like Tracy and his baby father

Yeah, so niggaz, you'll know where I mean

When I say I get the money like a money machine

Yeah, I'm in L.A. Gasolin

But when I'm in New Orleans

You can call me Chris Paulin (yeah)

(Chorus x3: The Game and Lil' Wayne)

Red Porsches
Red portraits
Red guns, if you dare
Come near
The fortress
We In The House!

Don't You Dare Come Near The Fortress!
Don't You Dare!
We In The House!

(Verse 2: Lil' Wayne)

Hahaha
Okay, Holla at your blood

What am I saying? I'm ahead of all of ya'll niggaz
And Mine

You bitch niggaz never see me like a unicorn
Who would have thought the bloods go crazy?
I got the red magic unbelievable amazing

Red portraits
Red guns, if you dare
Come near
The fortress
We In The House!

Don't You Dare Come Near The Fortress!

We In The House!

(Verse 3: The Game)

Like a home invasion
This time
I'm gon shine
like the chrome on Daytons (okay)
You can wait on Detox or you can have more patients
Baby, sip that patron while we get wasted
Weezy Wee sip that lean, I just taste it
I be soaking up syrup like a Waffle House apron
infra-red beam back to the basic
I'm a +Street King+, ask the dude from the +Matrix+
Yeah, cash money in the basement
Me and Slim like Hot Boys with a face lift
Translation
It's Freddy verses Jason
Who's your favorite rapper? Me and Weezy will erase
them
And if they're getting money, then we will paper chase
them
Wit beams they glow in the dark on Kanye's stage shit
Then we hijacking Kanye's spaceship
Then put it on the red carpet at the VMA's, bitch

(Chorus x3: The Game and Lil' Wayne)

Red guns, if you dare
Come near

If You Dare Come Near The Fortress!
