Say, Weezy  
(Weezy)  
Can they remember me?  
Lil' Weezy

Make 'em remember, ya, nigga  
(Haa)  
Let these niggas know your background, nigga  
(Look, look)  
Let 'em know your background  
(Look, look)  
Let 'em know how you've been for a while

All I was taught was murder murder  
Kill drama and nothin' less  
I strap tha Smith-Wess and bust it in they chest

I had ta hustle, hustle, hustle, hustle  
Had ta struggle for success  
Hid grams in girls' breasts  
Stick bricks under they dress

Them niggas there with me fooli'  
Me, I'm full of that dilly  
Hope when I catch them slippin'  
Him and they daddy's trippin'

Shorty can hold it down  
Shorty be totin' rounds  
Smellin' like a pound on school grounds

Shorty, wow, hair all over my head  
Bandana 'round my brain, eyes bloodshot red  
Briches down to my legs, guns up in my trench  
When niggaz playin, they get drenched

My pockets is full of lead  
So, nigga, stay off the Benz, I'm young with bad nerves  
Since I lost my father, I've been troubled hurt and  
disturbed  
So I'on't even hesitate to leave 'em on tha curb  
And wet dem niggaz shirt, nigga, get 'em full of birds

Tell them niggaz, Geezy

Remember he? Tha little G, never die  
Took one to tha chest but Weeze Wee never die  
Remember he? Tha little G, never die  
Have B.Geezy on his side, so Weezy Wee never die

Lil' Weezy Wee had ta steal, hustle and jack  
Weezy Wee roll with K's, glocks and MAC's  
Tha little G, he was raised keepin' it real  
That's my lil' nigga, I taught him to get it how he live,  
nigga

Look, look, that time I forgot tha bills  
Ain't been home in two weeks  
Macita lookin' for me  
Tha word all over tha streets

Well, shit, I love my momma  
But all I got ta offer is drama  
And many problems, I lay back in tha cut

These niggas out and I rob 'em  
They ain't spin around here  
We all alone on my block  
Like nobody live 'round here

Tha lights got cut off at my house  
And now I'm lookin' for a window  
I can't see it, I'ma drop my pile on tha floor  
They got some niggas stuntin' in Benz

Hey man, them boys ain't riders  
Hand it over, partna, my feet done got tired  
(Break it off)  
Well, picture this, I gotta corner this ole nigga address  
He said he got that work  
And needed me ta meet I'm there  
(Meet him there)

Nigga, take your Roly down  
With somethin' shady, daddy  
(What?)  
Within a week he changed his mind  
And received tha package  
(What?)

Oh well, back to tha drawin' board  
(Board)  
Cowards start hollerin'  
'Cause they know I'm comin' for it

Remember he? Tha little G, never die  
Took one to tha chest but Weeze Wee never die  
Remember he? Tha little G, never die  
Have B.Geezy on his side, so Weezy Wee never die

Lil' Weezy Wee had ta steal, hustle and jack  
Weezy Wee roll with K's, glocks and MAC's  
Tha little G, he was raised keepin' it real  
That's my lil' nigga, I taught him to get it how he live,  
nigga

Lemme tell 'em, you remember  
That there nigga use ta be thuggin' it out  
Blunt in his mouth, would stay passed up in a drought  
Run in your house, "Lay down, nobody move  
Tell that slut go get your stash and empty your pockets,  
fool"

That's how it was crime, struggle, drivin' for scrubs  
Lots of thugs make niggas come ta answer them up  
Some niggas choose ta come back to me, ride around  
my set for me  
My lights off that thing 'cause I got that SKS with me

Okay  
(Okay)  
Listen, all you ballin' niggas betta relocate  
(Locate)  
'Cause, see, ya'll got it  
I gotta make my cheese rotate  
(Rotate)

Right now I'm doin' bad  
So just give me with whatever you have  
My stomach hurt, I need a bag  
I'm street-livin' week for week

No, sleep livin', look outside ya window  
In tha mornin', your jeep missin'  
My heat sizzlin', I'm ready ta sweep these niggas  
Geezy make 'em remember Weezy, nigga

Remember he? Tha little G, never die  
Took one to tha chest but Weeze Wee never die  
Remember he? Tha little G, never die  
Have B.Geezy on his side, so Weezy Wee never die

Lil' Weezy Wee had ta steal, hustle and jack  
Weezy Wee roll with K's, glocks and MAC's  
Tha little G, he was raised keepin' it real

That's my lil' nigga, I taught him to get it how he live,  
nigga

Remember he? Tha little G, never die  
Took one to tha chest but Weeze Wee never die  
Remember he? Tha little G, never die  
Have B.Geezy on his side, so Weezy Wee never die

Lil' Weezy Wee had ta steal, hustle and jack  
Weezy Wee roll with K's, glocks and MAC's  
Tha little G, he was raised keepin' it real  
That's my lil' nigga, I taught him to get it how he live,  
nigga

Look, remember that?  
Wuz up,  
(Are you rememberin', B.Geezy?)  
I remember you, nigga  
We go way back ta true story, nigga, ya heard me  
(Now)

Look, you don't remember me?  
I remember ya, nigga  
I was, I was a bad dog, highly  
(You were doggin', you were a lil' dog)  
Grove 17, off top, nigga  
(Uh, huh)
