[Juelz Santana:]

I'm just a rocka dude  
Lookin for my rocka girl  
Baby I'll rock your boat,  
Rock your bed, and rock your world  
But you gotta be as fly as me  
You gotta know how to rock your stuff  
VH1 Brett Michael, Be my rock of love  
VS 1, big stones  
Lemme rock ya  
Maybe marriage, baby carriage  
Lemme knock ya up  
I could be your rocka daddy  
You could be my rocka mommy  
I could your chilly pepper  
You could be my hot tamale  
Have your ever made to a rockstar  
In a hot car with the top off  
In the middle of a parkin lot  
You don't care who see, who look, or who watch ya  
Pretty face  
And the body soft as baby skin  
She hopped on me and rode  
I thought my name was Harley Davidson

[Girl:]

You got your tattoos  
I got my tattoos too  
We stay up all night and do what rockstars do  
We got the music  
Bumpin thru the system  
The room is real smoky  
Highlights in a mansion  
We lovin all night  
We sleepin all day  
Wake up and hit the mall  
Stay fresh and rock our way  
They try to imitate us  
They could never duplicate us  
Pull up in the Ferrari  
Saying hello to all my haters

[Chorus: x2]  
Have you ever mad love

To a rockstar  
In a hot car  
With his guitar, playing on the side  
Have. you. ever. mad. love.

[Girl:]  
You drive a fast car  
I drive a fast car too  
Suicide doors with the topless roof  
Now we're cruisin  
Glasses on the face  
Cus he ducking paparazzi, they high speed chasin  
We got a maserati but we drivin in a range  
Cus we don't give a damn  
Switch rides by the day, day, day  
Now this is what I call rockstar love  
This was the question I was thinkin of

[Chorus: x2]  
Have you ever made love  
To a rockstar  
In a hot car  
With his guitar, playing on the side  
Have. you. ever. mad. love.

[Lil Wayne:]  
I'm a r-o-c-k star  
And I can play with that pussy like I play my guitar  
Call me Weezy F the best you ever saw  
She the best you never saw goo you ain't even lookin  
Got a chauffeur but he ain't even lookin  
We in the back seat poppin like fried chicken cookin  
And I'm tied to that pussy like flies on my duce  
Shawty got class  
And no I won't play hooky  
But no not never  
Put my feet on the pedal  
And make that guitar go madder like  
Told ya girl  
I could play with that pussy like I play my guitar
