[Lil Wayne]

G5 sitting on the runway  
Big ass chopper: call that bitch Beyonce  
This for my dawgs locked down all day  
Money, power, respect: 3 the hard way  
I put some real niggas on their feet, boy  
So they'll kill anyone for me, boy  
Yeah, YMCMB boy  
Young Tunechi fresh to death  
Rest in peace, boy  
My Gat bang your hat hang  
Gotta ride of with Mack Maine  
I drink Patron straight  
You niggas keep that champagne  
My pa is the Birdman  
I'm rich as a white man  
I come to your show and kill you  
And your hypeman  
We roll in, let's roll out  
My bitches don't hold out  
They got Marley G  
I gotta burn my lil bro out  
Let my dreads grow out  
My bitch got a blow out  
Mi casa, su casa  
My house is, a ho house  
Only f-ck with, real niggas  
Polo, f-ck that Hilfiger  
Yeah I'm on a pill nigga  
Feed you to my little niggas  
Shout out to my big homies  
Fifi and T-Streets  
Scope on that AK make me take a sneak peek  
T, roll another one  
Razor blade on the tongue  
You ain't never seen this watch  
Nigga, this a wonder one  
You niggas is honey-bun  
Your girlfriend a ton of fun  
Chopper with a drum, muthaf-cker  
Give the drummer son  
Cut that like my blunt is done

Suck a nigga's dick or something  
Put that p-ssy for me then wile out  
And then give my nigga's some  
I'mma do my thing  
I put that on Nicki Minaj, I need a bad redbone  
To come give my dick a massage  
I'm talking big money  
I'm talking heavyweight  
I cut down on the syrup  
Now I'm in better shape  
I'm from New Orleans nigga  
Where you ain't never safe  
Who f-ck with me, I drop you off  
In front of Heaven gates  
OK, jump off a building  
Jump out a window  
Smoke like a donkey  
And f-ck like a nympho  
Drink like a goldfish  
That's right, you know this  
Hold up: click-clack  
OK, I'm reloaded  
F-ck with Lil Tunechi  
I'm good I'm Gucci  
Wild as Ryu  
I hit you with that Hadouken  
My money too long, nigga  
My weed too strong, nigga  
F-ck everybody  
I'm in my own zone nigga  
And every time you see me I'm wet and I'm rolling  
Tunechi rest in peace, fresh to death  
And I'm rolling  
About to f-ck a bitch  
I just met cause she rolling  
Nigga we rolling, nigga I'm rolling  
Gotta keep a title  
I'mma sweat cause I'm rolling  
Pouring at a bitch nigga's neck, cause I'm rolling  
Damn ma! I ain't come yet!  
Cause I'm rolling. Bitch, I'm rolling  
Young Mula, baby. Sorry for the wait
