[Mack Maine:]

Yeah

Take this body to the project for a sacrifice

Take this body to the project for a sacrifice

(dont be scared now..)

I have you sweatin so hard you need 3 or 4 towels

After that all i need is 3 or 4 showers

Just to get the blood off in 3 or 4 hours

Then come to your hood to get 3 or 4 cowards

You think your bison like you play for howard

But you can duck like howard, I make you fall like the towers

I cut your arm off and tell you to reach, Then i cut your tongue off and i tell you to speak (nigga)

My niggas in the circle in the middle of the bonfire

they quick to become arsonists to set you on fire

The flesh start to smell but who gives a fuck?

Heaven or hell nigga you need to pick one

Prrattt stick um now you become a victim

Now you become a victim

Yeah you become a victim

Im evil like three sixes nigga minus the mafia

Aint no brakes on my shit nigga no stoppin uh

Young cannibal, cut ya like a cantalope

I mistreat bodies for breakfast, I eat bodies uh

[CHORUS:]

You could smell fear in the distance spring,

Karma,fearless.

Come with us home, better witness them,

Sa-cri-fice

We could take your body to the project for a sacrifice

We could take your body to the project for a sacrifice

We could take your body to the valley for a sacrifice

We could take your body to the valley for a sacrifice
