[Intro]

Tunechi, Drama, same time

Can only be Dedication

Turn the music up in my headphones

[Verse]

Uh, I'm wildin' out on my skateboard, she ridin' dick
like race cars

My blunt longer than Spaceballs, I'm gettin' higher than
quasars

I beg your pardon, I egg your noggin, got Nin up in my
glove

compartment

I'm so short, yellow bus retarded, my flow hard and
these niggas

coughin'

I'm Tunechi, I do me, smoke doobies, tote uzis

I make that bitch cum 'til she come to a conclusion

I'm illest, an illusion, I got B's like a student

Bitch I am not a human and this dick is therapeutic

She say, "Tunechi give that dick to me, smoother than
a symphony"

Two bad bitches at the same time, symmetry

Murder you no sympathy, got metal like olympians

Tee put the weed in the blunt like a parentheses

Fuck y'all niggas I'm gettin' me, is you kiddin' me?

That big booty, them pretty feet

Them swishas' sweets with that purp

Church - with the preach

That red-boned get licked to sleep, she'll wake up and
get dicked to

sleep

Pickled meat, freaky deak, I test these niggas with a
cheat-sheet

Her clit look like a jelly bean, I'm on that promethazine

Blow your ass to smithereens, kush strong like Mr.

Clean

I'm a king I have a dream, money flippin' trampoline

Money flippin' balance beam, fresher than the prince,

the king, and the

queen

That's your bitch if my celly ring and I kiss her belly ring

Put that dick up in her spleen, I shine like afro sheen
And I eat pussy, she suck dick at the same damn time
That's a 69, then pass it to my slime
I'm skatin' and rappin' at the same damn time
I said I might retire, but y'all know I be high
I did that time, I paid that fine
Fuck around and go to jail for the same damn crime
For the same damn crime? Na, murder this time
Potato on the end of the barrel, french fries
I'm rich bitch, Trukfit in Macy's!
And you pussy niggas hatin' like a racist
Totally dude, I'm white boy wasted
She can't wait to take her drawers off like braces
Yeah, Scooby got another one, smokin' on that bubble
gum
Two dutch bitches, double dutch, I'm the shit, bubble
guts
Nigga get your duffles up, don't know whether it's love
or lust
Tell that ho to suck it up, she got lips like rubber ducks
That pussy whack, I'm one and done, trouble some I'm
troublesome
Got two bitches off twitter, Tweedle-Dee and Tweedle-
Dum
Single ladies, double cuffs, I'm tighter than a
cummerbund
Smokin' on that strong, my blunt a fucking muscle punk
Tunechi
[Outro]
And I'm gone
Hahaha, yeah, Dedication 4 hoe
Future fuck with me!
