[Lil Wayne]
Young Mula baby,

Sorry baby I don't dance,
unless your dancing dirty you purtty little girly,
You know you want me dirty,
I know you want me dirty,
I know you got a thing for the boss from the dirty,
to the midwest, she had big breasts,
I said baby i'll eat your fruit all night if its fresh,
and then we got how she broke my head rest,
and everytime I ask her she just say yes,

she just say yes,
you say yes,
she just say yes,
you say yes,
she just say yes,
you say yes,
