[Intro:]

Damn ..

I cant believe she left me like this
I mean I brought her to the airport but
I cant believe she jumped on the plane
and left me like this
And I would leave

[Verse 1:]

but I had to take a minute in the smoking section
Trying to let the pain ease
Watching her plane leave
Tripping in the smoking section
Trying regain me
How can I get a grip
when I lost my main squeeze ..
and now I'm stuck
inside of an ashtray
Like a cigarette, but
my heart pumps gasoline
And this she know
I just crashed and burned
Now here come the smoke
(yeah)

[Chorus: Juliany]

Find me where u left me
burning in the smoking section
Up in smoke
Whats left you'll find it in the smoking section
Find me where u left me
burning in the smoking section
Up in smoke
Whats left you'll find it in the smoking section

[Verse 2: Juliany]

I gave myself a hour to sit at the gate
I booked us yesterday flight 378
U think I gave him enough time
to change my mind
I love him but
I couldn't this time

I packed it all up
in my two bags
and one carry on
U would think I was sure
but it feels so wrong
(?)

I guess I'll smoke my last
stuck wondering what i should do

[Chorus: Juliany]
Find me where u left me
burning in the smoking section
Up in smoke
Whats left you'll find it
in the smoking section
Find me where u left me
burning in the smoking section
Up in smoke
Whats left you'll find it
in the smoking section

[Verse 3:]
(yo) I'm like hold up whats up
Shorty what u going for ?
She packed up, dipped out
Now she left me all alone
Back up in the smoking session
Damn she got me really tripping
Weezy tell me what u sipping
I fucked up on this situation
Please pass me a cigarette
My nerves back, calm down
She always used to promise
if she leave she'll be back around
I guess it's some things
as a man that I'm missing
So at the end of the night
u can find me in the smoking section
(yeah)

[Chorus: Juliany] (2x)
Find me where u left me
burning in the smoking section
Up in smoke
Whats left you'll find it
in the smoking section
Find me where u left me
burning in the smoking section
Up in smoke
Whats left you'll find it
in the smoking section
