Snitch, don't let your mouth open up
'Cuz you don't wanna see the handgun open up, no
Don't let your mouth open out
'Cuz you don't wanna see the automatic open out, no

Don't let your mouth open up
'Cuz you don't wanna see the handgun open up, no
Don't let your mouth open out
'Cuz you don't wanna see the automatic open out, no

Ain't no snitches ridin' wit us
Ol' mo' the mouth niggaz could holla the front
Can't no loose slips get on my yacht
I leave player haters at the dock, watch

And your nigga help ya burn the block
As soon as you get hot nigga turn to cop
Ya settin' up federal appointments now
Nigga all in court pointin' out

Daddy not knowin' what he doin' his child
We gon mail him his finger when he get out, yea
Just to show him what we's about
Never let shit about G'z leave ya mouth, yea

You inside can't leave ya house
Two donut lovers to police ya house
I sneak past those brothers leak in ya house
And put the heat dead in yo mouth, so shut up

Don't let your mouth open up
'Cuz you don't wanna see the handgun open up, no
Don't let your mouth open out
'Cuz you don't wanna see the automatic open out, no

Don't let your mouth open up
'Cuz you don't wanna see the handgun open up, no
Don't let your mouth open out
'Cuz you don't wanna see the automatic open out, no

Wizzy nigga been 'bout me
Stay low so you don't know shit 'bout me

Make no mistake I'm a veteran at
Me never rat mommy taught me better than that

Get a gat if you ain't got one already
If you do then you ain't got enough get two
And you could never get me nigga, get you
And you ain't got to fuck me girl, fuck you

I'm rollin' wit my goons
And I would never roll on my nigga take that to my tune
Ain't no girl came out of mom's wound
Real nigga shit muthafucker I'm tuned, and I was
taught

If a man talk about another man while that man ain't
present
A man don't listen
They throwin' brick but they hands is missin'
Just watch what you sayin' sissy

Don't let your mouth open up
'Cuz you don't wanna see the handgun open up, no
Don't let your mouth open out
'Cuz you don't wanna see the automatic open out, no

Don't let your mouth open up
'Cuz you don't wanna see the handgun open up, no
Don't let your mouth open out
'Cuz you don't wanna see the automatic open out, no

Ain't no telling who spillin' the earl
You tellin' yo boy he tellin' his girl
Now she tellin' the world
It ain't no secret I'm hotter than etha

But I don't neither cop shit neither
Either close yo mouth or meet the heater
We the dirty south where cocaine cheaper
You go up north nigga's boost they fee up

This where the real hustlers meet up
Look out anybody can be them people
Yo own people could be them people
No glasses can help you see them people

They around too many evil people
Detectives wanna get even equal
My desert eagle ain't even legal, but ssh

Don't let your mouth open up
'Cuz you don't wanna see the handgun open up, no

Don't let your mouth open out
'Cuz you don't wanna see the automatic open out, no

Don't let your mouth open up
'Cuz you don't wanna see the handgun open up, no
Don't let your mouth open out
'Cuz you don't wanna see the automatic open out, no

Yea nigga watch the people around you watch the
people away from you
Leave them niggaz be let them stay from you
These niggaz mouth's is runnin' like hot water, I swear
to God
Real niggaz takin' falls like Niagara

Tryna stay up like Viagra, but it ain't gonna happen
These niggaz is best buddies wit the 5-0 team
They know the DA by name
It ain't a game, it used to be one

It's like these niggaz got them
Big ducks in they mouth that the gynecologist
Use when yo bitch get a pap smear
That's pussy anyway, weezy
