[Intro]

Alright, let's put it in perspective

See 1, 1 makes you realize

2, that's when the game became ours

See 3, that's when we showed you the future

This here, it's for the sport

Some of you niggas mad the sport normally happens to
be skateboarding

But that gives us 4 wheels to roll over you niggas

D4, and dedication!

[Verse 1: Lil Wayne]

She's so sophisticated

She'll catch a nigga nut and then refrigerate it

I wear a rubber and we fuck 'til we dehydrated

I pull it out bust on her face and call her cry baby

I kiss her neck, I kiss her stomach, then I kiss that pussy

And then I eat it from the back, but I don't do crack

And then I get this monster hard and ask her where to
put it

She tell me, Tunechi, hit it raw, I tell her bitch you crazy

Don't want no HIV, don't need that honey move to
Vegas

It's YMCMB the fucking alpha and omega

The presidential double R, call that Ronald Reagan

I fuck your bitch, we come together call that
congregating

I be balling on these niggas, sports illustrating

Tough in the streets, but you in the court with a
statement

Ain't that a bitch and I kill everybody but the babies

Give that bitch nigga the blues 'til he fucking navy

Yeah, man I be riding round with that yopper

I pop a nigga like *clap noise*

All you hoes get topless, suck a dick 'til it's spotless

Too many hoes: I got options

I ain't never tripping, you could have these bitches

But I'ma sit her back with her pussy lips, looking just
like camel lips

You fucking with some real nigga, blow your fucking
head off

They say life is a bitch, I hope that bitch a redbone

All I know is get money, bitch ain't getting shit from me
Fuck a six pack, six bullets give you six stomachs
Tell her how that pussy tastes, she been eating
pineapples
Throw her back like a quarterback, hit that ass like a
linebacker
Put that pussy on me, we caught up in the moment
AK with a hair trigger, nigga don't make me comb it
This like a full time job not to kill niggas
Some of my homeboys' job is to kill niggas
Yeah, cause I'm still on probation
Write your name on a bullet that's a Dedication, 4

[Outro: Birdman]
Y'all ready
Yeah, welcome to Dedication 4
I be Stunna Man
Priceless lifestyle, high life
YMCMB business
Fuck your girl, nigga
22 years full time grind
Mula, best ever, one hunnit
