I've been lonely, I've been waiting for you  
I'm pretending and that's all I can do  
(That's all I can do, mama)  
The love I'm sending ain't making it through to your  
heart  
(I hope you hear me)

Pain, since I've lost you, I'm lost too  
Nigga feelin' like he at the bottom like a horse shoe  
Sorry for the trouble that I put you and your heart  
through  
God knows that I'd do anything for a part two

Or to be prayin' for the day you come back to me  
Sayin' that you forgive me  
Give me another chance, I'm needin' it like a kidney

I don't wanna advance, give me back her hands  
Give me back her touch, I don't ask for much but I  
fucked up  
I know I fucked up, I admit I fucked up but everybody  
fuck up  
Now this other nigga lucked up  
Tellin', me and my clique don't give a fuck

'Cause, um, we from New Orleans, she was from  
Georgia  
She was my down chick, I was her soldier  
I was her gangsta, she was my shoulder  
You were the pistol to my holster  
Bang!

You've been hiding, never letting it show  
Always trying to keep it under control  
(I see you hidin' it, mama)  
You got it down and you're well on your way to the top  
(Keep doin' your thing)  
But there is something you forgot

You forgot about the house, you forgot about the ring  
I remember everything, I just wanna hear you sing  
I remember the love, right after the fights

You can't tell me you don't remember those nights

And if I would cry, then you would cry twice  
To me you are the brightest star under sunlight  
See, take away my title, take away my stripes  
You give me back my girl and you give me back my life  
Give me back my girl and you give me back my life

See this is just a nightmare, so I blink twice  
Open up my eyes hopin' she'd be in my sight  
I remember the time, I wish I could bring it back  
What she mean to me, is what I mean to rap  
(What I mean to rap)

You've been hiding  
(Y'know)  
Never letting it show  
Always trying  
(I see you hidin' it, mama)  
To keep it under control  
(But I know you know)

You got it down  
(I know you do)  
And your well on your way to the top  
(But I wish you and yours  
Nothin' but happiness, shawty)

But I hope you haven't forgot about me  
Up in the livin' room watchin' Sports Center  
You were cookin' dinner, I was such a sinner  
But the Lord is a forgiver

You know they say if you pray  
Then you can get your blessings ordered and  
delivered  
And your boyfriend is not like me  
Ma, you even went and got a teardrop like me

I remember we would sit at home all day  
You called me 'Butta', I called you 'Babe'  
My momma asked about you, my partners did too  
I know your daughter will be so amazin', like you

And I know you probably wish you never met me  
And I just wish you never forget me and let me say  
Please don't worry 'bout the women I have been with  
No engagement can amount to your friendship  
And I hope that nigga know he got a queen and all I can  
do is dream Damn!

I've been lonely, I've been waiting for you  
I'm pretending and that's all I can do  
The love I'm sending ain't making it through to your  
heart
