(Chorus)
Up Straight to the top (top)
I just will not stop (stop)
And if they wanna hate just let em ha-a-ate (ha-a-ate)
I spit from the heart (heart), done that from the start
(start)
Now look in my eyes and I just cant wa-a-ait (wa-a-ait)

Lil Wayne:
She really rather nice, she put me in her car, she cut off
all the lights, she said I have the right to remain silent,
now I got a howler, she sounded like a siren
And she know I'm raw, she know I'm from the street,
and all she wanted me to do was fuck the police
And after we got done I said lady whats your number
and she said 911, haa
and baby said only, headed out the curb for surgery on
me
And now I'm here, I make her wear nuttin but hand
cuffs and heels
Then I beat it like a cop, Rodney King Baby yea I beat it
like a cop, haha, beat it like a cop, Rodney King baby
said I beat it like a cop

(Chorus)
Up Straight to the top (top)
I just will not stop (stop)
And if they wanna hate just let em ha-a-ate (ha-a-ate)
I spit from the heart (heart), done that from the start
(start)
Now look in my eyes and I just cant wa-a-ait (wa-a-ait)

I grab MC's within my clutch, and crush em.

Now wipe my hand off while opponents stand off, and
look sad and unworthy
Im blood thirsty, no mercy, I kill em while they curse
me, and damn 49 goin to search me.
Dont get me started, I flip retarded and start choking
artists, Ill leave their kids broken-hearted, fatherless.
Im too marvelous, why would you bother this?
Ill squeeze your neck til the slobber drip, so tight, I bite
off the bottom lip.
Until your head pop and your soul leave, whoever told
you I was holy, Im a killer priest. I see too many
wannabees be livin comfortably, southern comfort me.
Whats the reason why youre frontin me, something like
it only took you much to be, personally I take your
mentality to mercury. Bring it back to Earth and see the
same old check the sons of man lay low. We got 4
minutes to finish.

(Chorus)

Up Straight to the top (top)

I just will not stop (stop)

And if they wanna hate just let em ha-a-ate (ha-a-ate)

I spit from the heart (heart), done that from the start
(start)

Now look in my eyes and I just cant wa-a-ait (wa-a-ait)

(Chorus)

Up Straight to the top (top)
