Now shawty lets get down to business
if you want it you can get it
all you gotta do is hit me and its on.
I know it's been a minute and
you ain't got time for gimmicks
but i come into my senses
I was wrong.
When you roll like me,
on your own like me
you will wake up all alone
and you will see
Im at a all time low
we dont talk no more
cause i want you back i need you girl
its all i know.

Now, talk to me talk to me, talk
walk wit me walk wit me, walk
I know theres things that we said
how can we stop and leave on
how can we ruin something so perfect so fluent
we was young, we was dumb
we aint know we was doing

but now that we older, older
lets take this thing slower, slower
reset the button, button
and start it all over, over
i cannot stop what i feel

you aint a notch in my belt
I aint go lie to you girl,
I want you all to myself

and forgive for being a stinge
Ill take you out to places that
ya swear ya never been before
why is this so difficult
this should be the easy part
believe me if ya need me
aint no way we finna keep apart

no matter where I go
no matter who im with
ill always think of you
cause baby you the shhh
i love your body girl
theres no deny'n that
i wil not rest i will not sleep
like an insomniac

I'll keep you up all night
you know I get it right
i give it to you fast or slow
or any way you like
so give it one more chance
now how you want it
if we pick up where we caught it
we can finish what we started, girl.
