

## Lil Wayne "Turning Me On"

Visit "[Turning Me On](#)" on MotoLyrics.com

I'm High as hell, Swagger right, Flow like afterlife  
I Got a gorilla appetite, I Make your wife my snack  
tonight,  
Why you still white like Aphrodite  
The Lambo new, the Lambo nice,  
The Lambo bad, The Lambo bright, and the cops can  
kiss my lambo lights,  
I'm Gone  
Hello I turn you on, She feel in love with an alien, I give  
her my space,  
cuz that's my home, now sit in my face like it's  
your throne,  
yeah I'm nasty, yeah I know, I'm nasty like no  
other,  
make her say "You can get it Mothafucka!"  
I burn you out like a candle, fire flow better not wear  
sandals,  
Hey Keri, I'm a bedroom vandal,  
Run up in your room and make you drop that flanel  
I'm just playing boo, I hope I didn't offend you  
But turn you on and up is what a man do  
And I'm the man, it ain't no secret baby  
And this is the remix baby
