I'm High as hell, Swagger right, Flow like afterlife
I Got a gorilla appetite, I Make your wife my snack
tonight,
Why you still white like Aphrodite
The Lambo new, the Lambo nice,
The Lambo bad, The Lambo bright, and the cops can
kiss my lambo lights,
I'm Gone
Hello I turn you on, She feel in love with an alien, I give
her my space,
cuz that's my home, now sit in my face like it's your
throne,
yeah I'm nasty, yeah I know, I'm nasty like no other,
make her say ?You can get it Mothafucka!

I burn you out like a candle, fire flow better not wear
sandals,
Hey Keri, I'm a bedroom vandal,
Run up in your room and make you drop that flanel
I'm just playing boo, I hope I didn't offend you
But turn you on and up is what a man do
And I'm the man, it ain't no secret baby
And this is the remix baby
