Get it, Get it, Get it, Get it  
(She said she'll take it all off, up in this club...) and I  
told her

I'm something like a phenonmenon, The steering wheel  
cost a mil' that my arm is on  
I don't tell no time so my time is wrong, I just use for  
something, for diamonds on  
Listen, pull up to the club, make the whole club stop,  
now go to the floor and make the whole club drop  
And tell the DJ, I ain't never gone stop, and this thing  
here you ain't never gon cop, listen  
Peek-a-boo when I'm peekin' at you, In them Victoria  
Secrets, that I'm seeing thru  
You say that's your girlfriend, so you eatin' her too, you  
say you want more fun, then meet my crew  
(Bounce)

(She wants to take it all off, up in this club..) and I told  
her  
Don't stop get it, get it, Don't stop get it, get it (2x)- 2x

I am, up in the club, my liquors in here, my cars in the  
club, cause I don't really care  
My dogs in the air, cause we up in here, here, here, oh

Sittin' in the back I got 10 stacks on lap, She said this  
thing look like the grill of a cadillac  
No, that's just the way my money stack, yeah now girl  
can you make your ass clap  
(Rock) My swagger's crazy, she got her ass up, like can  
I have your baby  
I sat her ass down like na girl is you crazy, get your  
hand out my pocket, you get's no gravy

(She wants to take it all off, up in this club...) and I told  
her  
Dont stop get it get it, Don't stop get it, get it (2x)- 2x  
She said she'll take it all off, up in this club..and I told

her  
Don't stop get it, get it, Don't stop get it, get it (2x)  
(She want to take it all off, up in the club..) and I told  
her

She feelin' herself, but without me that feelin's unfelt,  
She get loose she losing her belt, She get loose she  
losing herself  
Drink that drink before the ice melt, and she don't want  
no water, she ain't mike phelps  
I'm like baby how could I help, and she go and tell her  
friends how good I felt

(She want to take it all off, up in the club..hey hey...and I  
told her
