young wayne
up in this thang
ya boy get money like tha summer get rain
i got game
thats just that
baby imma player
check my stats
she just wanna caress my tats
and then i jumps up in that pussy and run laps(yeah)
its weezy baby
now keep me in ya mouth like ya teethin baby
uuuh an i swear i go dumb
smoke so much niggaz call me no lungs
im just tryna stack mo funds
maybe imma god i shud walk around with nuns
but i walk around with guns
use ur head or you walk around with none
and that will be no fun
now is my era
reign terror
