with the white interior on a set of 22's

[Lil Wayne]

I'ma jalapeno boy hot as Cayenne pepper  
I'm from New Orleans City but ill take her to whatever  
I'm tougher than leather  
I'm smoother than Suede  
always never broke cause I'm usually paid  
Got the Rover with the cage  
Kinda brown off beige  
Everybody look at me like I'm riding on stage  
Gotta woman named Sage  
She twice my age  
everytime she hit me up she send a picture with her  
page  
I ain't tryin to fall in love I ain't tryin get engaged  
you can meet me at the alter when a nigga really dead  
Everytime I'm tryin to leave she beggin me to stay  
and I politely fade away like my name was M.J.  
and she wrote me a note, guess what that note said  
When I hope still like me but I go both ways  
and then I say Oh, then I say Okay

Stabbed them up and got the fuck like my name was  
O.J.  
If you lookin for some money bitch my name is no way  
Not tomorrow not today not yes-terday  
I'm Mr. President as they say  
and that phantom fits me like its tailor made  
I can take on a war, nigga bombs-away  
I been in the water fucking all the Marmalades  
If you lookin for some money bitch my name is no way  
Not tomorrow not today not yes-terday

[Chorus]

[Lil Wayne]

Last week I met a bitch but I forgot her name  
Short sweet red cute ole vibrant thang  
She got a earring in her pussy and everywhere else

She said she jog everyday so she can cum on herself  
Then she tell me my love is the best she felt  
and she sucked my dick like its about to melt  
she drink vitamin water say its good for her health  
she can wrap my whole dick around her waist like a belt  
Then theres another bitch her name was lesha  
she ride that dick good and make a mean cheese pizza  
One time it was so good I told her to order one mo'  
She said its not Domino's its DiGiorno's  
Theres another bitch I met her at the thong Show  
Got her to the crib and turned it straight into a thong  
show  
She do my dishes, was my clothes, and fix my corn  
rows  
She do my dishes, was my clothes, and fix my corn  
rows  
I can't forget about my bitch name Meaty-boo  
shes a young project bitch I used to bang her on the  
school  
so I brung her to the school and we standing on the  
yard  
the bitch asked me if I was from the 17th ward  
Niggaz came out the cut and started muggin me up  
I grabbed the clip out my pocket and made them  
cowards duck  
and I told my old lady ill be back to see  
and hit me up on my cell phone if niggaz lookin for me,  
cause

[Chorus]

[Lil Wayne]
