Would you be my daddy, daddy(No ceilings)

Come and make it wayne down on me(X2)

Verse 1

Uhh wide receiver weezy
Throw the pussy at me
The pussy lips smiling
I make the pussy happy
Take them panties off
The pussy looking at me
I'm the pussy monster, now get the pussy ready
I like to kiss
She like to kiss
I deep stroke, and make her bite her fist
The lights is on
The night is grown
We get it poppin cuz we know we can't when wife home
California kush strong as a titan, is what I'm lightin on
We get high as fuck then we just do it put ya nikes on
Tattoos on her waist she like the tattoos on my face
and if there's something she'd like to say I let her say it
on my microphone
She love my style
But that's expected
She coming back to you? the chance is anorexic
I knew she had it in her
So I got it out her
She give me neck around the clock I call it round the
carter
She rub my back
She say I'm tight
She cook, fuck and clean, and still make her flight

First class pussy
Crystal glass pussy
I... I get it wetter than bass pussy

Verse 2

She sit down and ride like ima thourough bread
She kiss my mine and I kiss hers back
If she's a bad bitch
