[Lil Wayne - Verse 1]

I'm fly as a bird
high as the herb
I am under, I can conquer
what I prefer, like that reefer
pour that liquor, shawty tell me Weezy baby
your that n-gga, I say I know
what I say, it go
and that there she know
she get her ego, oh no she go
on commercial flights, with the purest white
skip the beauty patch, as long as her booty fat
as long as she do me that, favor, and do my dad
I'm weezy baby, me and paper are newly weds
Jessica Simpson money, yeah, goofy cash
I smoke blue dro, and she smoke yellow dro
together we make green, she go go get mo'
see i'm from hollygrove, nothing like hollywood
behind that money honey, we act like animals

[Chorus]

we don't get paid if ya'll don't get paid, we still gon' get
our bread
if we don't get paid and ya'll do get paid, than
somebody's losing their head, hey
we don't get paid if ya'll don't get paid, we still gon' get
our bread
if we don't get paid and ya'll do get paid, than
somebody's losing their head, hey
