I'm calling you daddy, daddy

I need a daddy, daddy  
Would you be my daddy  
Come and make it Wayne down on me  
Come and make it Wayne down on me

(Lil Wayne)  
Wide receiver Weezy  
Throw the pussy at me  
Pussy lips smilin  
I make the pussy happy  
Take you panties off  
The pussy lookin at me  
I'm the pussy monster  
Get the pussy ready  
I like to kiss  
She like to kiss  
I keep strokin and make her bite her fist  
The lights is on, the night is grown  
We get it poppin cause we know we can when wifey  
home  
California kush strong as a tightness what i'm lighting  
on  
We get high as fuck and we just do it put your nikes on  
Tattoos on her waist, she like the tattoos on my face  
And if there's someth she'd like to say, I let her say it  
on my microphone

She love my style, but that's expected  
She coming back to you, the chance is anorexic  
I knew she had it in her, so I got it out her  
She give me neck around the clock, I call her round the  
corner  
She rub my back, she say I'm tight  
She cook, fucking clean, and still make her flight  
First class pussy, crystal glass pussy  
I get it wetter then bass pussy

(Keri Hilson)

You'd have been

(Lil Wayne)

I like some chicken red

Lady in the streets  
Porn star in bed  
She like to fuck, fight  
So we spar in bed  
She got that pink Pussy  
I be that orange red  
I fuck American pie  
And I get foreign head  
She sit down and ride  
Like I'm a thorough bred  
She kiss mine  
And I kiss hers back  
If she's a bad bitch  
She deserve that  
She send me pictures to my Iphone  
Then I gotta clear em cuz my girl be checkin my phone  
I'm in the buildin with the mind blown  
And I'm in the pussy honey I'm home
