[Intro - Nicki Minaj]

Uh,  
This that Young Money shit right here

[Chorus - Nicki Minaj]

Better strap up ya boots  
Before they start to shoot  
Then do it for the troops  
It's Young Money salute  
It's Young Money salute

[Verse 1 - Lil Twist]

Yeah, uh  
So sick with the flow  
Yeah your cowboys know that Lil Twist  
Been a pro way before Romo, no T.O.  
No Wittin, Cowboys to a Piston  
A.I. no Wallace, ya kids getting demolished  
I'm booking on you suckers like I'm just leaving college  
But smart, very smart, too smart for ya knowledge  
Too smart once more, Wayne called me a genius  
It's YMOE, nothing gets in between us

[Verse 2 - Lil Chuckee]

I told Wayne I'm going in like somebody 'bout to bury  
me  
In this rap game nobody could ever bury me  
That's why you see me on stage rocking with Young  
Money  
I told my team I got us, man it's all on me  
Like volume 2 B.G., I got my crew with me  
Twist, Mack, Millz, Gudda and my baby Nicki  
Every time I'm on the track it's ransom  
Can't find 'em like us anymore it's random  
When Young Money come through you better salute us

[Chorus - Nicki Minaj]

Better strap up ya boots  
Before they start to shoot  
Then do it for the troops  
It's Young Money salute  
It's Young Money salute

It's Young Money salute  
It's Young Money salute  
It's Young Money salute  
Sa-salute, sa-salute

[Verse 3 - Jae Millz]

Hey yo I solemnly swear if it ever go down  
You ain't never gotta call me cause I'mma be there  
Lets get to the point like elbows, my crew harder than  
shell toes  
Strapped like Velcro and is we running? hell no  
And truthfully, aiming for number one oh do we  
You ask why I reply cause nobody remember 2 or 3  
Cross YM and out of him we'll make a movie  
We all that we can be, respect the army and salute we

[Verse 4 - Gudda Gudda]

Yeah, Young Money army we marching  
We coming forward no warning  
We got these boys running like Forrest  
So salute me like a general  
First place never last

Always on top and I'm a chief like a seminal  
Got the game in the strangle hold, no letting up  
You can get the top, ya can pop like 7Up  
Knock knock let us up, Young Money applaud me  
And we'll take the game out ya hands like a joy stick

[Verse 5 - Nicki Minaj]

I'mma need my badges and my ribbons  
Maybe it will make up for everything that I wasn't given  
Everything that I've given, I swear I'll never give in  
Just look at what I've been in and this is just the  
beginning  
I d-d-d-d-do it cause I did it for my ballerina girls  
Blowing kisses to the soldiers I am Marilyn Monroe  
But we shoot, shoot, shoot 'em up, camouflage me  
Cause Young Money is a Navy, better yet a Army

[Chorus - Nicki Minaj]

Better strap up ya boots  
Before they start to shoot  
Then do it for the troops  
It's Young Money salute  
It's Young Money salute  
It's Young Money salute  
It's Young Money salute  
It's Young Money salute  
Sa-salute, sa-salute

[Verse 6 - Lil Wayne]

Commander in chief

One hand on the world, one hand on the brief

I stand on the world, bitch I stand on the peak

Of the game, and the girls, and the guap, now that's G

Don't ask me about shit but money

Fuckin' right my money long, I got that 10ft money

Ha, I get it fast when I get to the money

When I walk, it sound like 10 foots running

I meant feet, I'm in deep like wet pussy

I'm a purple heart proven war vet rookie

You can't even sit next to me

Now bring money or death to me, or don't step to me

Nah don't step nigga, march with me

To the steps of the court building

Like ain't we God's children

I know at all times God's filmin'

So I play my part until the war kill me

Salute or shoot nigga

[Chorus - Nicki Minaj & (Lil Wayne)]

Better strap up ya boots

Before they start to shoot (get that salute out my face)

Then do it for the troops

It's Young Money salute (I am)

It's Young Money salute (a 16 year veteran)

It's Young Money salute (I been in this motherfucker)

It's Young Money salute (hip hop war)

It's Young Money salute (all my motherfuckin' life)

Sa-salute (but I still have that... my life)

[Outro - Lil Wayne]

Yeah

Young Mula Navvyyyy
