I have a boyfriend  
Met him a week ago  
He's my forever  
Last night he told me so

He's the boy that I adore  
Never felt like this before  
And I know I'll never let him go

I have a boyfriend  
We'll never say goodbye  
He made a promise  
He'll never make me cry

Every time we kiss goodnight  
Feels so good to hold him tight  
And I thank the stars  
Up in the sky

And someday I know (oh, yeah)  
We'll walk down the aisle  
(Yes, we will) so much in love  
(Oh, oh) wearing a smile

Every time we kiss goodnight  
Feels so good to hold him tight  
I'm so glad I have a boyfriend

I have a boyfriend, oh, oh  
I have a boyfriend, yeah, I do...
