Let's go
Yeah, yeah
I know y'all can hear that
Just need to holla at y'all for a minute, you know
Let y'all know that I'm still here
And I'm gon' always be here
Makin' these hits after hit
It ain't gon' stop

I can't lose
I been in this game for too long
Y'all, I ain't gonna take mine, I'm sayin'
I can't lose
I'm the very best
And I'm gon' be the very best for a long time and

I can't lose
Y'all cats just waggin' along my tail
Y'all can't carry my bone, I'm sayin'
I can't lose
I'm the top dawg of them all
And you know I'm takin' it home

Sony plays me when I'm up in the station
All of a sudden they got me up in hot rotation
As soon as I see 'em, yeah, I act like I they lil' brother
But I can't get no sauce on the XXL cover
That's why I call myself the man
Name me one rap cat who sold out Madison Square,
Bow Wow

But Janet, Michael and a couple of rock acts
That don't know crap about rap
All these lil' rap cats is here because of me
All them bubblegum raps is about to see
Swing on tour, came up outta the ceiling
Teasin' these girls eyes but they was feelin' over this lil'
rap villain and

I can't lose
I been in this game for too long
Y'all, I ain't gonna take mine, I'm sayin'

I can't lose
I'm the very best
And I'm gon' be the best for a long time and

I can't lose
Y'all cats just waggin' along my tail
Y'all can't carry my bone, I'm sayin'
I can't lose
I'm the top dawg of them all
And you know I'm takin' it home

Yeah, I can't lose, don't matter who I'm facin'
The number one, under 21 artist in this nation
The rhyme writer, all the young girls like him
Fellas wanna be like him, I got 'em like Pied Piper
Follow my paw print, whatever y'all print
In the magazines is nonsense, stop all this

Yakkety yakkin', the fact that nobody rappin'
Can stack 'em up to the ceiling like 30,000 a building
now
You got Jigga, Ja, Nelly, Nas, Eminem, and Kiss
I'm representin' for all the kids now
Say that I'm braggin' but no other rapper in my age
bracket
Is makin' it happen the way that I made it happen now

I can't lose
I been in this game for too long
Y'all, I ain't gonna take mine, I'm sayin'
I can't lose
I'm the very best
And I'm gon' be the best for a long time and

I can't lose
Y'all cats just waggin' along my tail
Y'all can't carry my bone, I'm sayin'
I can't lose
I'm the top dawg of them all
And you know I'm takin' it home

Yeah, you think it's easy, don't ya, wanna be Weezy,
don't ya
I'm a performer, homie, you just take it easy won't ya
From Nickelodeon shows to B E T
I'm approachin' the podium, vouchers votin' for me
'cause
I keep it real with 'em every time I deal with 'em
They bounced with me from the start and I'm still with
'em

I got the keys to cities I never heard of
And every inner city kid got me turned up
With the CD on replay, so the
He say, she say, don't affect me, no way, I go on day to
day
And continue to make money, make music, make
movies
You can never take this from me

I can't lose
I been in this game for too long
Y'all, I ain't gonna take mine, I'm sayin'
I can't lose
I'm the very best
And I'm gon' be the best for a long time and

I can't lose
Y'all cats just waggin' along my tail
Y'all can't carry my bone, I'm sayin'
I can't lose
I'm the top dawg of them all
And you know I'm takin' it home

Aww, there you have it
Ladies and gentlemen
Just had to talk to y'all for a minute you know
Spit at the fans, spit at the people
You know what I'm sayin'
Just let them know what's goin' on
But uh, we gon' ride it out like this though
If you know it sing it wit me

I can't lose

I was thinkin' maybe I can come over here
And hang out with you tonight
You're not coming over
Heh, if I come over what chu gon' do?
No, I'll feed you to the dogs
You gonna feed me to the dogs?
What?! I'm comin' over anyway!
You won't!
Yeah, I'm comin' over anyway, aight?
Okay
Aight, bye
