[Intro: Bow Wow]

Haha, listen

You know I do it for the ladies

Lamborghini Moss (vrooom)

And uh see,

I done had my share with the right but um..

Look there's something about you baby

Got me going crazy

And that's my lady, yeahhh, Haha

[Verse 1: Bow Wow]

Look, it's like this girl got me going all out

I got a few sick days, yeah ima call out

Scoop shorty, hit the mall, then we ball out

Catch a movie, grab a bite, then fall out

I got her spoiled rotten

She keep her jaws droppin'

The latest wear she rockin'

Gotta couture poppin' (fresh)

And whats more shockin'

Them hores at the door knocking

Ain't worth a second in my g shock when

She in them pumps, not them reeboks kid

The only time we fight is on the wii boxin'

I don't even keep up with how many g's I spend

Usually I keep a safe with the key locked in

But she a new type, maybe a new wife,

Maybe the one I settle with in a new life

I gotta see, it's moving fast right now

I needa have a conversation with Shad and Bow Wow

Cause ahhh..

[Chorus:]

I had a few loves before,

But I never had no one love me quite like this

I was scared of being locked down,

But you made me proud to call you my shorty

I had a few loves before,

But I never had no one love me quite like  
It feels like I died and went to heaven  
Cause I never had no one love me like this

[Dondria:]  
Like wha?  
[Bow Wow]  
Like this..  
[Dondria]  
Like wha?  
[Bow Wow]  
Like dadadada like this girl

[Verse 2:]  
I guess im kinda open  
Just sitting here hoping that what we shared is more  
than a joke and..  
We can last like the great ones do,  
As long as our love for eachother stays true  
Look..  
I see the growth, we done both came a long way  
Arguments here and there,  
Fuss and fightin'  
Just showing that we care  
Can't nobody else compare  
Start it over with another, neither one of us would dare  
All she gotta do is holla and her baby will be there  
Ain't a doubt about it in my mind that we a perfect pair  
Can't think of anyone, that's how I wanna spend my  
years  
Try my hardest not to hurt her,  
Hate to bring her to them tears  
And I know just how it feel when I whisper in her ear  
No, I let her drive a stick,  
She know how to work dem gears  
Ain't gotta worry 'bout the chicks I meet during my  
career  
Me going somewhere should be the last of her fears

[Chorus: x1]

[Verse 3:]  
She's my L-O-V-E  
Used to be scared of relationships but this one I can't  
deny  
You my L-O-V-E  
Yeah, and when you see her, you see me for her  
I ride or die like Ruff Ryders

[Chorus: x1]
