### Verse 1

It was the summer 2001, all before the drama begun  
When we first met, I seen you sittin down on ya steps  
You was broke down crying a mess, so I interfered  
I asked what the reason for tears, I was wishin you  
Could tell me ya fears, but I'll start with your name  
You told me how ya man playin games, so I said that  
It was time for a change, and you just laughed  
But it looked like you aint laughed ina while  
I was glad I could give you a smile,  
Then we both blushed, but really girl it aint no rush  
I was thinkin maybe we could discuss, a future for us  
Cause homeboy just got you crushed  
You need to leave that clown in the dust, trust  
I just wanna talk, I'm thinkin I can give you a call  
And we can pick it up where we left off  
I'll holla tomorrow

### Chorus

Girl I understand you loyal to ya man  
And that's alright aw baby  
But that don't change the fact  
That you fine and you stay cryin everynight  
Nah baby, girl you got to let him know  
You can't live like this no more  
Nah baby, can't you see together you and me  
Could be so special baby

### Verse 2

Our feelings get greater, a million days later  
Talkin all night we stay up but, here comes ya ex  
Returned with the drama and stress  
All the nonsense you just left but yet  
You except, and go back to try it again  
Then return with a broken heart that I gotta mend  
That's unfair, I only been ya lover and friend  
Homie there he just front and pretend  
But you dont care, the life he leads is unsafe  
I would never place my hands to your face  
But still I chase, cat and mouse  
First you kick him out then you at his house  
What is that about, I can't figure you out

Even your friend said I was better  
But you listen to him never like uh uh whatever  
So the next time he hurt you again  
You already know where you shoulda been  
And that's with me

Chorus

Girl I understand you loyal to ya man  
And that's alright aw baby  
But that don't change the fact  
That you fine and you stay cryin everynight  
Nah baby, girl you got to let him know  
You can't live like this no more  
Nah baby, can't you see together you and me  
Could be so special baby

Verse 3

All the times you 2-way me tellin me that you miss me  
Wantin me to come over and keep you busy  
Remember that, now that you gone, it's been kinda  
hard  
Can't think, can't sleep, can't do nothing at all  
Just tell me why you had to go back  
See you aint have to go through that, my baby  
You coulda been here right by my side  
Me and you at the park taking walks outside but  
Instead I keep on having these dreams  
Waitin for my phone to ring, my baby  
Wishing that it would be you  
But I know that that won't come true, my baby

Chorus

Girl I understand you loyal to ya man  
And that's alright aw baby  
But that don't change the fact  
That you fine and you stay cryin everynight  
Nah baby, girl you got to let him know  
You can't live like this no more  
Nah baby, can't you see together you and me  
Could be so special baby

Girl I understand you loyal to ya man  
And that's alright aw baby  
But that don't change the fact  
That you fine and you stay cryin everynight  
Nah baby, girl you got to let him know  
You can't live like this no more  
Nah baby, can't you see together you and me  
Could be so special baby
