(feat. T-Pain)

[T-Pain]

Oh

[Bow Wow - speaking]

Damn

I just keep thinking about you (oh Baby)

I mean I wanna move on but I can't move on (ohhhh)

It's like you have some kind of hold on me and I don't

Know (oh ohh oh ohh)

But Imma go ahead and talk about it

Listen

[Verse 1]

I'm sitting looking out the window like damn

Tryna fix this situation that's at hand

You still running through my mind when I'm knowing  
that you shouldn't be,

Me all on yo mind and I'm knowing that it couldn't be

Cause you ain't call and I ain't even appalled

I still got allot of pain I ain't dealt wit it all

I been running round with other chicks, I'm single and  
they loving it, I'm liking it but I just want the  
one that I was in love with.

That's not the end of it, I'm tryna let you know I can't,

Get a grip of it is what I'm tryna let you know.

You got a hold or some kind of control of me

I don't know what it is, but I gotta get you gone from me

I'm working at it and it ain't getting no better just tryna

be like, yeah, forget it, whatever Instead

of staring out this glass looking at this bad weather,

damn I gotta pull myself together

Cause...

[Chorus - T-Pain]

When I'm with somebody, all I think bout is you

When I'm all alone, that's all I wanna do

I miss the smiling faces in my sidekick,

Outta town visits, all the time we spent together makes  
it hard

to get you outta my system.

You know what you do to me (do to me)

You don't even understand (damn)

You know what you do to me (do to me)

It's so hard to get you outta my system.

[Verse 2]

I'm too attached, my heart won't let me fall back  
I got it bad, that's what you can call that (ah)  
When I see you in the streets, that's the worse for me  
Used to love the little things you did, that's what works  
for me  
It's too major, don't see you on my pager,  
Know what you doing, where you at, or can I see you  
later? (Can I see you later?)  
The fellas telling me 'just let her go Bow', believe me,  
I'm trying man, I just don't know how  
(Just don't know how)  
I be in all the top spots, leaving with the hot shots,  
knowing they just want me cause I'm in the top spot  
That's not poppin and my brain aint stopping, thinking  
Who she with, or where she going, is she club hoppin?  
I never had this kind of problem in my life, this is my  
first time dealing with this kind of fight  
It's every night and every flight and every time you in  
my sight,  
Damn this aint even right, cause...

[Chorus - T-Pain]

When I'm with somebody, all I think bout is you (yeaa)  
When I'm all alone, that's all I wanna do (yeaaaa)  
I miss the smiling faces in my sidekick,  
Outta town visits, all the time we spent together makes  
it hard  
to get you outta my system. (ohhh)  
You know what you do to me (do to me)  
You don't even understand (damn)  
You know what you do to me (do to me)  
It's so hard to get you outta my system.

[Hook - Bow Wow]

Is it wrong for me to feel this way, you been running  
through my mind all day  
Can you feel me?  
I been tryna get you off my mind, but I cant after all this  
time  
That's what kills me  
Is it wrong for me to feel this way, you been running  
through my mind all day  
Can you feel me?  
I been tryna get you off my mind, but I cant after all this  
time  
And it kills me

[Chorus - T-Pain]

When I'm with somebody, all I think bout is you  
When I'm all alone, that's all I wanna do  
I miss the smiling faces in my sidekick,  
Outta town visits, all the time we spent together makes  
it hard

to get you outta my system. (Hard to get you outtt)  
You know what you do to me (do to me)  
You don't even understand (damn)  
You know what you do to me (do to me)  
So hard to get you outta my system  
[Bow Wow - speaking]  
I remember everything that me and you talked about  
Me and you had our whole lives planned out together  
(oh ohh oh ohh)  
And if I could, I would, turn back the hands of time and  
correct all my mistakes that I ever did  
But now I guess I gotta move on, right?  
It's still hard and I still love you till this day  
Peace.
