[R.O.C]

Uh ohhh, u done crossed the line

Beware of the dog, it's right there on the sign

U gotta muscle now, get 'em and ah, put 'em up don't drop 'em

Let me see ya get crunk, bounce

There will never be another one wit his style

Puppy Bow Wow Wow

I'm the 18 letta, and this playboy

representin it forever, can't nobody do it better

Neva, whenever, whoever, howeva u test yo leva

breathe again neva, so whatever

I'ma pass the mike down to the B-O-W-W-O-W

U in trouble

[Lil Bow Wow]

Ain't nothin like a young cat wit his mind right

In the lime light chasin the dream

At the same time makin' 'some cream

nickname Scary, cuz I know how to make 'em scream

Everytime I'm seen, I'm full of flash

Evertime I'm out pockets full of cash

And about my crew, ain't no need to ask, we steady,

steady keep puttin' down the smash

I was a feen, before I became a teen

I know that microphones stood of cones and ice cream

And that's why I don't care who you are

When it comes to the B, u gotta raise the bar because...

[chorus](JD) 2x

Thsi playboy, he gets crunk

Keep that bang up in the trunk

Witha nick-nack patty wack throw me a bone

And this playboy gon bring it ya heard

[Big Duke]

Who u think gon lock down the whole southeast

Brook cards like a breef, Hanng blangs like a reef

I wish one of you busters would spark some beef

I swear to God, it's gon be hard for your moms to sleep

See when I ball up in the club  
Hatas still show me love  
Wit Dap tees and hugs, that's the life of a thug  
I walk it like I talk, told it cuz I spark it  
Straight to you ballers icy boy and hunky  
I'm in the patio, cleanin' my gun, while Bow Wow in the  
front shootin hoop wit my son  
Big Duke representin for the whole Eastside  
JD made me lutinet, now watch how we ride  
[chorus]2x

[Lil Bow Wow]  
Ohh Bounce shorty bounce  
I'm tryna have ya'll waitin to see what I sell  
In a block full screamin up the TRL  
Another thing I want ya'll niggas to know I ain't wanna  
of them Lil cats that's gon come and go  
I got somethin to show, and ah somethin to say  
And I can down anything in my way  
I dont have a ?  
I want the whole thing  
I'm tryna escort Aaliyah, or somebody to Soul Train  
If you so free, I'm tryna be fly  
And be the first kid on the cover of Vibe  
So if #1 u betta save it back, cuz once I get it, it ain't  
never comin' back fo sho  
[chorus]4x
