And when I think about you
Thats the first thing that come to my mind.

You can get it all, what

[Verse 1]

You think that if you and I was in a relationship
I would never be true (be true)
You think that anything I say is straight gang (straight gang)
And to me your just another new name (new name)
But what im tryna tell you for every man
theres a woman that'll make him change (him change)
And I believe you the one that'll make me (make me)
But any time I try to show you you shake me (shake me)
I know I make it real hard for you to take me serious
But baby girl I am (I am)
And I aint stoppin right here, I'ma keep going
And im gonna make sure everyday that you keep

But that aint the reason why im stuck and cant let you
go (let you go)

We got a serious serious bond (bond)

And when we kick it we have nothin but fun (but fun)

I feel a whole lot of L-O-V-E between you and me

Even though we still young (young)

Just your company aint gota get none

Talk the same lingo, understand where im coming
from (coming from)

And if anybody ask me a question about you

Ima tell em you the one
