Oh god my tv's been taken!
You gotta call the police!
Inside my head it's so vacent
& now i'm bored again

BRIDGE

You know that
It feels like, i feel like, got nothing, can't talk about
It feels like, i feel like, got nothing, to talk about

CHORUS

She dances on the stage, on TV
Now life just aint the same believe me

& so i got me a plasma
A 42 inch
Because she makes me ecstatic
&now; i'm bored again

BRIDGE

She dances on the stage, on TV
Aint it just a shame she's leaving, she's leaving
Now she's gone away for real

She dances on the stage, on TV
Now life just aint the same believe me
Aint it just a shame
She's Leaving
Now she's gone away for real
