Here come the Cowboys
Here come the Cowboys

Here come the cowboys

Heyaheyaheyaheya...

Here come the cowboys
Here come the cowboys

Heyaheyaheyaheya...

Here come the cowboys
Here come the cowboys

I led my girl into some city
with a red dress on
and she looks so pretty

Ill be home late one night
when the Calvary have finished this fight

Watch out! man! here they come!

here come the cowboys
here come the cowboys

Watch out! man! here they come!

here come the cowboys
here come the cowboys
