Shroud, cloak, veil, smoke
In camera, masquerade
Incognito, ambushade
Come, come to daydreamers night
You can be who you like, Be a star
Sneak, Code, Secret, Mode
Sotto voice, to beguile
With giaconda smile
Sub rosa, underground
What was lost can now be found
Camouflage, fancy dress
The wolf must confess
Break out, burn, Liberate and learn
Unchain, uncage. Take to the stage
Transform, alchemize. Fly butterflies
Become, become free
Embrace autonomy
