It's peaceful here
No one to interfere
With quiet observations
Just watching and waiting
And not getting involved
With physical solutions
That never get
The problem solved

In the background x4

Out of the limelight
On The Border
Don't use a search light
It's out of order
Not being a part
Of the scenic route
An impartial art
Of avoiding dispute

In the background x4

It's peaceful here
No one to interfere
With quiet observations
Just watching and waiting
And not getting involved
With physical solutions
That never get
The problem solved

In the background x4
