"Send My Heart"

That's something
I wipe the tears from your eyes.
Say nothing and still you seem so surprized.
Though tears fall like rain
It's gone too far.
Keep saying
It's time to break it -
The tears and the pain and the tears and the pain.
This music keeps running through my head now
Ooh.
I'm climbing out
I'm drifting away from you.

Aaaaah - just send my heart
Aaaaah - my heart

Aaaaah - just send my heart
Aaaaah -
And now I find a second time.

There's nothing
Nothing I would not give for you.
No feelings is all I have to show now
Ooh.
Don't say who's to blame
Is this still a game for you?
Aaaaah - just send my heart
Aaaaah - my heart
...
Aaaaah - just send my heart
Aaaaah - my heart

Aaaaah - just send my heart
Aaaaah - just send my heart
Aaaaah.
