They might say we can't go on
They will try to burn you down
What they say can make you strong
But they can't see no reason when i'm talking to you
Don't let behind the reasons why we've come this far
You'll feel the pride of what we are
Two Rivers run to see and catch your falling stars
In troubled times come to me for shelter
I'll be running to be with you and...
I'm willing to make that deal
Is there a chance to carry on
If they could feel the way I feel
They would see the reason
Why I'm talking to you.
Don't let behind the reasons why we've come this far
You'll feel the pride of what we are
Two Rivers run to see and catch your falling stars
In troubled times come to me for shelter
I'll be running to be with you again...
Don't let behind the reasons why we've come this far
You'll feel the pride of what we are
Two Rivers run to see and catch your falling stars
When the darkest hour surrounds you
In troubled times come to me for shelter
I'll be running to be with you again...
Two rivers run...
Two rivers run...
