

The Adicts "Youth"

I never wanted to conform
I never wanted a uniform
Youth and me a perfect company
A smile or two will get us through
Youth and me perpetuity
A smile or two will get us through
All I wanna, All I wanna
All I want is youth
I wish I was forever young
(Daddy Look)
Can it be my time has come
(That's it)
Youth can be a future for me
The child will find his history
Youth and me eternity
Youth and me in perpetuity
Am I just a peter pan
Will I ever be a man
If I could be just sweet sixteen
Would I know what life could mean
Youth and me the perfect company
You and me in perpetuity
