I used to cry myself to sleep at night
But that was all before she came
I thought love had to hurt to turn out right
But now you're here
It's not the same, it's not the same

She fills me up (she fills me up)
She gives me love
She's all the woman that I need
She fills me up (she fills me up)
She's givin' me more love than I think that I have ever
seen
She's all I got
In this world and
You're all I need in this world baby
You're all the woman I

I need.....
