[Jadakiss talking]

That's right, Isy', Jadakiss, ya heard?  
Let's get it on

[Verse 1]

You got a house on the hill, chromed out ride  
You live that life, giving me everything that I dream  
All the time on a creep, first class flights  
Seas in sights, all night  
Never thought that this could take control of me

[Chorus]

Day and night, I owe it to you  
Always on my mind and dreaming of you  
It feels so right but I know it is wrong  
That I know I gotta man, just can't leave him alone

[Verse 2]

So many nights on the scene  
Buying me, shopping sprees, diamond rings  
All the things that I can't get at home  
Never could understand a thing like me  
To utter this from the seen of your face  
I'm caught up in love with my secret love

[Chorus]

[Verse 3]

Never thought that I would feel this way  
All the things that I believed in went away  
Right from the start, you took my heart  
I'm in love, what can I say

[Jadakiss]

Uh uh uh uh uh, hey yo  
You just can't leave me, see me alone  
The Porshe is black the B's is chrome  
And he's at home and you with me  
It's the four point six, three cribs and some jewelry  
Don't work I can put you through school for free  
So if that's cool with you it's cool with me

Princess ya neck, tennis ya wrist  
Anything you wish, Icey and Kiss  
Thinkin' of me so what ya really got him for  
Let's go to the mall and close down the Prada store  
And even if ya don't rock diamonds  
Baby you'll like to go deep-sea fishin' and rock climbin'  
Pop wine and horseback ridin'  
You shotgun scared, use the Porshe back slidin'  
And ya friends say J ain't right  
But you know we go together like day and night, uh

[Chorus with variations to end]
