Check it

The 1st night I laid eyes on her my 1st reaction was
whoa!
The baddest chick I'd ever seen backstage at a show.
She noticed me got my front page in a row.
I'm tryin' not to answer I'm knowin' I can always get that
dancer.
I told her I was lookin' for a chance to kick it wit' you,
spit some game or maybe exchange digits wit' you.
The one that could say I missed you J she smiled and
said
"I gotta go" I wished you'd stay.
That night we must have talked for 2 hours
Discussin everything from my tour to if the world could
be pure.
To where I was about to take her in the silver azure.
When she touched me felt like all my ill's had been
cured.
Ayyo if this the kinda love my parents told me about.
I'm in trouble dial 9-1-1 clap from the double.
I'm fadin' fast maybe you can save me.
You know I'm tryin' to run from this, man I'm too young
for this.

I didn't know, where love was taken me, me and you,
this is all so new.
I didn't know, how love could hurt so bad, feel so good,
I didn't know.
I didn't know, where love was taken me, me and you
this is all so new.
I didn't know, how love could hurt so bad, feel so good,
I didn't know.

Now everytime I look at her it's like the very 1st time.
Butterflies like before I spit my very 1st rhyme.
Imma playa, I ain't supposed to feel those things.
And my boys Oh my God if I reveal those things.
They'll let me have it still I'm drawn like a attic.
Skittin drastic like a kid with advanced mathematics.
So confused I don't know what to do.

Got me showin' how I feel by hidin' it from my crew.
I can't control the way I feel, is it wrong the way I feel.
By losin' my focus and throwin' away my deal.

Cause this too can be a thing in that time shall pass.
My heart is burning but all that comes fire is ash.
And I ain't feelin' burnin' crash.
Viscous smiles and all of that passed like '99
I never love a chicken but my dime shall shine.
I'm wit' whatever baby I hope the feelin' last forever.

I didn't know, where love was taken me, me and you,
this is all so new.
I didn't know, how love could hurt so bad, feel so good,
I didn't know.
I didn't know, where love was taken me, me and you
this is all so new.
I didn't know, how love could hurt so bad, feel so good,
I didn't know.

And now it's February South Beach together.
True the sun is inevitable is near thought that my tour
was comin'.
And I'll be out about 16 weeks or so
So naturally I'm tryin' to think how many times that she
could go.
What she said froze my thoughts as we stoped me in
midwalk.
While I'm goin' overseas it would be best if we didn't
talk.
She couldn't take the heartbreak and deeper than that.
She wanted me to tour freedom and we'll see when I'm
back.
Now I know she ain't competing with that.
Instead of always tryna save her place mami gave me
space.
So as I saw the tear trickle down her angelface.
I couldn't take the pain from her I turned and walked
away from her.

I didn't know, where love was taken me, me and you,
this is all so new.
I didn't know, how love could hurt so bad, feel so good,
I didn't know.
I didn't know, where love was taken me, me and you
this is all so new.
I didn't know, how love could hurt so bad, feel so good,
I didn't know.

I didn't know How was I supposed to know that I would
meet that one

it's not supposed to be like this
