- Intro -

I'm looking for a girl like you,
Who's fine and beautiful
Girl like you,
Who's not the typical
Girl like you,
Who can make me feel...
Like I got to have right here tonight
That is real...

- Verse 1 -

Yeah I'm lookin' for a girl like you who's not just the
typical
Girl so wonderfull, you make me so lyrical
Got me... writing in numerical
Brain's on the go, body so whoa
Beauty incomparable
Girl like you and a guy like me,
That's what I call... very compatible
You're so sexy! put that on capital... "s"
Girl so bless
You got everything that can turn a no, yes
With a face like that and a body like that
You must be hmm... angelina lopez
You're the best of both worlds... I'm really impress

The way you... rockin' them dress
You can knock a princess... off her throne
A bunch of princess on your own
I seen you, I met you, now I don't wanna be alone...
