I-I got you where I want you (Mmm), huh
I-I got you where I want you (I do), huh
I-I got you where I want you (Yeah)
I-I got you where I want you, look

Sit on the phone goin' back and forth
About how we both feel
And how all I ever think about is takin' you out
Somewhere so we could chill

I ain't got no car and I'm only 15
And there ain't no place to go
You said, "We ain't gotta go nowhere long as you're
here"
That's when you let me know

You were the girl of my dreams
Find everything in time and I'm so happy to see
That you ain't one of them kind that don't believe
what I say
When I say I love you, I wanna stay
Under you every day and night, night and day
You say okay and I say hey

I got you (Uh-huh) where I want you
'Cause all you (Yeah) talk about is
Bein' in a place with me free
And then you picture how you want us to be see
(Uh-huh)

I got you where I want you
And ain't no runnin', honey
All the work I put here tryin' to get in
You ain't never gotta worry 'bout me leavin' (Mmm)

I got you where I want you
'Cause all you talk about is
Bein' in a place with me free
And then you picture how you want us to be see

I got you where I want you
And ain't no runnin', honey

All the work I put here tryin' to get in
You ain't never gotta worry 'bout me leavin'

I'm over your house tryin' to find a little somethin'
For us to watch on TV
But all you wanna do is get closer, talk about when
you get older
What you're gonna do to me

Ain't nothin' on 2, so we decide to
Go outside and take a walk
Through the park, hand in hand, a nice little talk
That's when you let me know

You were the girl of my dreams

Find everything in time and I'm so happy to see
That you ain't one of them kind that don't believe
what I say
When I say I love you, I wanna stay
Under you every day and night, night and day
You say okay and I say hey

I got you (Got you) where I want you (Want you)
'Cause all you talk about is
Bein' in a place with me free
And then you picture how you want us to be see
(yeah...yeah...)

I got you where I want you (I got you where I want
you, yeah)
And ain't no runnin', honey
All the work I put here tryin' to get in
You ain't never gotta worry 'bout me leavin' (Never)

I got you (I got you, oh) where I want you
'Cause all you talk about is
Bein' in a place with me free (All you talk about)
And then you picture how you want us to be see

I got you (I got you) where I want you (Yeah)
And ain't no runnin', honey (Mmm...hmm...)
All the work I put here tryin' to get in
You ain't never gotta worry 'bout me leavin' (Never)

I-I got you where I want you, uh-huh
I-I got you where I want you, uh
I-I got you where I want you, uh
I-I got you where I want you, look

I got you (Got you) where I want you (Hey)

'Cause all you talk about is
Bein' in a place with me free
And then you picture how you want us to be see (Want
us to be)

I got you where I want you (Yeah...)
And ain't no runnin', honey
All the work I put here tryin' to get in
You ain't never gotta worry 'bout me leavin' (Never)

I got you where I want you
'Cause all you talk about is
Bein' in a place with me free
And then you picture how you want us to be see (You
want us to be, baby)

I got you where I want you
And ain't no runnin', honey (No runnin')
All the work I put here tryin' to get in
You ain't never gotta worry 'bout me leavin'
