Yeah, yeah, yeah

Over there, who ever's down, come out to do it, yeah

Over here, we're always down, we're down to do it,
yeah

Over there, who ever's down, come out to do it, yeah

Over here, we're always down, we're down to do it,
yeah

Over there, who ever's down, come out to do it, yeah

Over here, we're always down, we're down to do it,
yeah

Over there, who ever's down, come out to do it, yeah

Over here, we're always down, we're down to do it,
yeah

Let's do it tonight!

Been around the world

In a lot of places

Seen so many girls,

Seen so many places

Tonight let's have a ball,

Tonight let's start something

Tonight we do it all,

So if we have a journey

Let's do it now!

We got Lil in one seat, Lil Jon

Lil Jon, that's me

Let's do it, do it!

We're going hard tonight, we gonna do it!

Let's go! Hey, hey, hey!

You, you, you, you

Let's do it now!

I feel like a million bucks

Anything that's gold in our touch

Whatever you're leaving home and I touch

Hands out the pockets, but the shit's up (Hands up!)

They say it for the world to turn up, yeah

International dance floor burn up

From' a spot we never heard of
It's all about' let's spread the word out!
Go, let's go! Send the e-mail
But don't' they're going through hell
Home pimping, cause I'm'
No time for waste cause that's a fail!
I wanna do something (something)
Then let's be clear (clear)!...

Hook:

Going here, we're always down,
We're down, we do it, yeah (so crazy!)
Going there, whoever's down,
Come out, we do it
Let's do it, come on!
Been around the world
In a lot of places
Seen so many girls,
Seen so many places
Tonight let's have a ball,
Tonight let's start something
So tonight we do it all,
So if we have a journey
Let's do it now!

Get your fucking hands up
Put them up, put them up, put them up!
Hey, put them up, put them up
Let's do it, do it!
Let's do it now!

Miami to a'
I'm everyday like'
I'm struggling to Atlanta,
Gess we make you push your hands up
From Cally out to France
Guess we're known to make you dance
Talking Jersey to Japan, guess you heard me, I'm the
man!
Huh! Feeling like '
This my night, can feel the rush
Tell that' she's cheering us
We spend it, she feels it up!
Let's do it all! Just lose your'
