I said shit, damn, get off your ass and jam

All the hoes get lil lil low
A lil low now (x8)

Said ah shit, god damn, get off your ass and jam
I see ya shakin lil mama shawty bounce that ass
Gimme a reme bottle but i don't need no pass
Keep shakin for a thug bitch i got a dog who
Ballin on a x in a motha fuckin club
I like big booty hoes
They like to dance on the pole
They like to make the pussy pop
A pris and then drop

My neck, my back
Like my dick, my balls and my crack
I got a static flow like ludacris
I got hoes
I gotta bitch that sucked dick in every area code
She like it 69 days
The bitch get payed
She also suck pussy in 69 ways
You would think it's a dream
The way she use it to him
Taught pussy or not
She fuck the whole block
Straight bouncin
Bitch right out of chevy i see your thug
Gotta tee blue flame on the gentleman club
Well you will see her
A fella call her sweet susie
But her stage name is margarita
The dick eater

(chorus)

Pussy popping and tworin
Never stop her from workin
Man then she flirtin
Sippin that erkin tworin
Ah then the body let you see her shake her ass

But when she shake it she make them other hoes get

Well if you bounce dat ass
First you poppin then droppin
Now shake that ass cheek

Upside down 69 ways to roll
