[Too \$hort]

You couldn't be a better playa than me  
Even if you fucked every day of the week  
I know you think you got it like ?  
I be fuckin' hoes every day of the week  
You never could be a better playa than me  
Even if you rolled in luxury  
I know you sport-coatin' that top notch freak  
You never could be a better playa than me  
When I first got to the club it was cool to fuck  
Walked passed these hoes and they looked me up and  
back down again  
Recognize a pimp  
Next thing I know, I'm tellin' lies again  
Sellin' dreams to hoes from everything I know  
Grab the microphone then I spit these flows  
I came in this muthafucka with my niggaz  
I plan on leavin' here with yo bitches  
Anybody feel they got a problem with that  
You need to take off yo pimp hat nigga  
And get the fuck out my way  
Cause I don't fuck with scrubs on any day  
I can't buy her no drink, she can't ride with me  
I don't know her and she can't stand beside me  
But yo bitch, I might fuck her  
Just because I know you's a sucker

[Hook]

Let my nuts go - bitch  
Let my nuts go  
Let my nuts go - bitch  
Do you like the way they swang  
Let my nuts go - bitch  
Let my nuts go  
Let my nuts go - bitch you keep rappin' in my ear and  
got me mad as hell

Let me hit that weed, ? what you drinkin'  
6 months ago, hoe yo ass wasn't speakin'  
Now I see yo face in every bad way stop  
Tryin' yo plots since the CD dropped

I went nuts cause I'm like that with Too \$heezy  
Got no time for you triflin' ass broke breezies  
Jon ? doin' thangs, now that's so true  
And you bad news bitch I ain't fuckin' with you

Punk bitch think she real smart, runnin' that G  
But talk is cheap hoe, spend some cash money with me  
Look up when I pull up and come runnin' to see  
If \$hort Dog is in the car, Murder 1 is with me  
You heard Nationwide was ballin', we make 100's and  
G's  
Takin' trips to the islands, smilin' under the trees  
When I step up, all these heffers start comin' for me  
Let my nuts go chickenhead you gets nothin' for free

[Hook]

Let my nuts go - bitch  
Let my nuts go  
Let my nuts go - bitch  
Do you like the way they swang  
Let my nuts go - bitch

Let my muthafuckin' nuts go  
Bitch, you keep rappin' in my ear and got me mad as

Now we gettin' hell of looks soon as we pimped through  
the door  
And we seen hell of freaks we ain't fucked before  
They got some bitches on the prawl of gold-diggin'  
missions  
And my folks is livin' foul, they whoopin' ass with  
precision  
Fallin' back at the club, smoked up  
Gettin' scoped by a hoe with a nigga, I know she tryin'  
to fuck  
But her hommie wanna play G.I. Joe  
Hommie you better check yo hoe before yo big ass hit  
the flo'  
Let my nuts go

Nigga when I step in the club  
Cause y'all blowin' stress and we blowin' bud  
I showed him love once and let him come with my crew  
Now every fuckin' time he tryin' to jump in line  
Yellin' out, "?? can I get in with y'all?"  
I ain't feelin' sorry for him, so I tell him, "Hell naw"  
Now \$hort Records in the VIP  
I'ma sock you if you don't get off my N-U-T's

[Hook]

Let my nuts go - bitch

Ever since I started Nation ridin', got a lil' change  
Surrounded myself by game, niggaz sayin' I'm  
counterfeit  
Ain't that a bitch  
Re-evaluate and stop ridin' my dick  
Leave that to yo main bitch, let her live once  
Niggaz always surround when I burn my blunts Give me  
3 feet and let me eat Niggaz some bitches, used to be
