\*featuring Oobie

[Oobie]

There's something, that I gotta tell ya'  
'Cause I know, that a brother got needs tonight  
I ain't trippin' on ya' pimpin' cause that shits tight  
'but you gotta pay tonight tonight tonight

[Chorus]

I know you wanna get laid tonight  
But I'm tryna get paid tonight  
We ain't even gotta fuss and fight  
Just hit me right, it's on all night  
I know you wanna get in bed wit' me  
But you gotta come correctly  
Nothin' in life is free, expecially not me

[Oobie]

I hope you...can feel me  
When I say, pay before you play wit' me  
Wanna taste this....but it's priceless  
It's something that you never done before, I'm not ya  
ordinary hoe

[Chorus]

[Lil' Jon]

I fell off in the club (shawty)  
Not lookin' for love (shawty)  
But I'm lookin' for a gul (shawty)  
One I could cut (shawty)  
Like lil mama in the blue (shawty)  
She so got damn cute (shawty)  
But she say she need cheese (shawty)  
Before she get wit' me (shawty)  
Well let me see (shawty)  
What it might be (shawty)  
And what's ya' fee (shawty)  
For my fantasy (shawty)  
Now I ain't rich (shawty)  
But I spend a lil bit (shawty)  
So who you wit? (shawty)

Let's do this shit (shawty)

[Chorus]

[Oobie]

There's something, that I gotta tell ya'  
Before you lay with me tonight  
I ain't got no problem with fly by nights  
But you gotta pay tonight tonight tonight

[Lil' Jon]

What chu' talkin' 'bout? (shawty)  
And get cum out cha' mouth (shawty)  
Say you want some cash (shawty)  
Before I hit that ass (shawty)  
I'm not yo' boy (shawty)  
I ain't no toy (shawty)  
Don't play no games (shawty)  
'Cause I ain't lame (shawty)  
But foe' my gurl (shawty)  
I'll give her the world (shawty)  
Ain't no thang (shawty)  
To give up that change (shawty)  
I ain't rich (shawty)  
I spend a lil bit (shawty)  
So who you wit? (shawty)  
Let's do this shit (shawty)

[Chorus]

[Oobie]

Now I'll be there for you  
If you want me to  
I'll be by ya' side  
If the price is right  
Take care of me  
And I'll take care of you  
Nothin tonight is free especially not me

Ohhh, yeahhh

I gotta get paid, woo  
Now if you want me  
Come correctly  
Might be something you never done before  
I'm not yo' ordinary hoe
