Okay, okay
I got the balls
I'm comin' down the court like Jordan with his tongue
out,
Petite and all,
I'm steppin' on y'all like I'm 20 foot tall
Cinammon skin,
Like a porcelain doll
That is not Lil' Kim,
It's a blowup doll
Juice box liable to start a 20 man brawl
Shame on y'all,
For thinkin' I'mma fall
I'mma never fall,
Like the dope fiend lean
IRS the team,
Live in New Jeruz, rep 7-18
Buckingham Palace,
Like Elizabeth the queen

Hello, hello
Is Mr. still your man?
Give em' right back to ya,
And steal em' again
You can get another one,
Bet I'll steal him
You already know,
Audemars stealin' lookin' like the Aspen slopes
You already snow,
Rocks, avalanche
You already know,
I get stupid like ski racks on the Maybach
James Brown, big payback,
Ow! Where my cape at?
